

Saved ₹50,000-crore forex by blending ethanol: PM

SHINE JACOB
Chennai, 10 August

Prime Minister Narendra Modi on Wednesday said that the new second generation (2G) ethanol plant by Indian Oil Corporation (IOC) in Haryana's Panipat will reduce pollution due to stubble burning in Delhi, National Capital Region (NCR) and Haryana. He added that more such plants across the country will bring in more green jobs and money into the hands of farmers.

"In the past seven to eight years, the country has saved at least ₹50,000 crore on foreign exchange due to the rise in ethanol blending and almost a similar amount has gone to farmers. This biofuel plant is a beginning and will help in reducing pollution in Delhi, NCR and the entire Haryana," Modi said.

He dedicated the ₹900-crore IOC plant to the nation. In 2014, the share of ethanol blending in petrol was a mere 1.4 per cent. India's ethanol blending in petrol has increased to 10.16 per cent in 2022, much ahead of its target. The country has also set a target of achieving 20 per cent blending by 2025. "Stubble burning that used to be a loss will become a source of income for farmers. I am happy that in different parts of the country, many such green energy plants are coming up," Modi said.

Plants coming under the 2G technology include Bathinda, Punjab (HPCL); Bargarh, Odisha (BPCL); Numaligarh, Assam (Numaligarh Refinery); and Davanagere (MRPL).

"Some years ago, we decided to go for 10 per cent blending. With farmer sup-

PM OPENS ₹900-CR NEW ETHANOL UNIT

- ▶ **Second-generation ethanol plant at Panipat to help reduce pollution in Haryana**
- ▶ **Stubble will become a source of income for farmers**
- ▶ **To provide permanent solution to problem of stubble burning in farms**
- ▶ **Ethanol production increased from 40 crore litres 8 years ago to 400 crore litres**
- ▶ **75% of households will get piped gas supply in a few years**

India to supply petrol with 20% ethanol from April next year

India will start supplying petrol with 20 per cent ethanol at select petrol pumps from April next year and will ramp up supplies thereafter as it looks to cut oil import dependence and address environmental issues.

Oil Minister Hardeep Puri said a fifth of petrol will be made up of ethanol by 2025. "E20 petrol (petrol blended with 20 per cent ethanol) in some quantity will be available from April 2023 and the rest to be covered by 2025," he said.

cess of Pradhan Mantri Ujjwala Yojana and the change it made to the lives of below-poverty-line (BPCL) families.

"In 2014, around 50 per cent of our population was affected by polluted kitchens. Now, we have achieved almost 100 per cent LPG coverage and around 90 million connections were given to poor families," he said.

He added that the city gas network's reach increased from only 800 CNG stations to 4,500 stations now. Piped gas connections went from a few lakh families to around 10 million now. On fuel prices, he said, "Anybody can say we will give free petrol and diesel for selfish politics. Such selfish schemes will burden honest taxpayers. That will take away the rights of our children and stop the country from becoming atmanirbhar."

Nitish sworn in as Bihar CM for 8th time

ADITI PHADNIS
New Delhi, 10 August

Nitish Kumar with 45 legislators in the 243-member Bihar Assembly took oath as the chief minister (CM) for an eighth time after dumping the Bharatiya Janata Party (BJP) and tying up with the Grand Alliance. His first remark to reporters was: "Will those who came to power in 2014, be victorious in 2024? I would like all (Opposition) to be united for 2024," leaving no one in any doubt that the Opposition now had another aspirant for India's top job. For his part however, the new CM said: "I am not a contender for any such post (PM post)."

Rashtriya Janata Dal (RJD) leader Tejashwi Yadav was the only other appointment on Wednesday, sworn in as deputy CM, a position he had held earlier. The full complement of the portfolios he will hold is yet to be announced. The two men held a 'cabinet' meeting later in the day. A visibly exultant Rabri Devi, Tejashwi's mother, told reporters at the swearing in: "It is because of you people that he (Tejashwi) has got this job," adding the "the past is forgotten and forgiven". Hot words and slights were exchanged between Nitish and the younger Yadav in 2017 when the alliance between the RJD and Nitish forged in 2015 crumbled. Nitish had sought the BJP as an ally, charging that he could no longer tolerate the company of a 'corrupt' person.

The boot was now on the other foot. No BJP MLA was present at the swearing in, and Rajya Sabha MP Sushil Modi said the BJP was 'not invited'.

'BJP should be worried for 2024': Nitish Kumar (right), who was sworn in as Bihar chief minister for an eighth time on Wednesday, asserted that the NDA government at the Centre led by Prime Minister Narendra Modi needs to 'worry' about its prospects in the 2024 Lok Sabha polls. Along with Nitish, RJD's Tejashwi Yadav took oath as his deputy

MONSOON MAY SEE A BRIEF LULL IN ALREADY-DEFICIENT STATES

Rainfall from June 1 to August 10

- No rain [-100%]
- Large deficient [-99% to -60%]
- Deficient [-59% to -20%]
- Normal [-19% to 19%]
- Excess [20% to 59%]
- Large excess [60% or more]

After becoming active over the rice-growing Indo-Gangetic plains, the southwest monsoon might witness weak phase for the next 3-4 days over the already rain-deficient region.

So far, the main deficit states are Uttar Pradesh (-42 per cent), Bihar (-36 per cent), Jharkhand (-48 per cent), and West Bengal (-24 per cent).

According to private weather forecasting agency Skymet, rains in west UP, Punjab, Haryana, Bihar, and Jharkhand are expected to be weak in the next 3-4 days before again picking pace. The IMD too, in its latest weather update, said that subdued rainfall is likely to continue over Uttar Pradesh, Bihar and northeastern states during next three days.

This could further derail sowing of paddy whose acreage has already fallen 13 per cent as compared to the same period last year as on August 5. This could impact the final yields as well.

However, over the central states of Gujarat, Madhya Pradesh and Chhattisgarh, there could be another spell of strong rains in the next 3-4 days. This could inundate the sown crop fields
